## APPALLING DEATH LOSS IN JAPANESE QUAKE

### EARTHQUAKE, FIRE AND FLOOD KILL THOUSANDS, MANY AMERICANS DEAD

**Foreign Settlement at Yokohama Was Completely Destroyed, American Consulate Collapsed, Consul and His Wife Dying in the Ruins**

**Tokio and Yokohama Three-fourths Destroyed; Three Million People Homeless; 2,500 Reported Killed and 100,000 Injured in Catastrophe**

(By United Press)

London, Sept. 4.—Latest word from Tokio, cabled to the United Press this afternoon from Osaka, the dispatch being timed 2:50 p. m., Sept. 4, gave the contents of a bulletin issued officially as follows:

"Officially reported 350 houses Tokio destroyed, 2,500 killed, 100,000 injured."

This report indicated that the casualties in the Japanese earthquake may have been greatly exaggerated. It is possible, however, that the above cable was slightly garbled in transmission and that the number of deaths may have been higher. The first United Press report direct from Tokio estimated the dead at from 500 to 1,000, and it is possible that with the establishment of direct communications the casualties will prove to have been far less than reported in the first excitement.

#### First Direct Word From Tokio

San Francisco, Sept. 4.—The first direct word from Tokio in three days, and the first report from an American source reached the United Press at 11:23 p. m. (coast time) Monday night in the form of a wireless dispatch filed, apparently, by Clarence Dubose, United Press staff correspondent in Tokio.

The message, which included in its text the cable timing system used only by United Press correspondents, appeared to have been dispatched from Tokio about noon Sunday. The message as received carried no signature, but this may have been dropped in wireless transmission. The United Press dispatch was transmitted from Tomioka wireless station, which is about 144 miles north of Tokio.

The message follows:

#### Food Shortage Now Exists

Tokio, via Tomioka, by wireless to San Francisco, received at 11:23 p. m. September 3.—Tokio and Yokohama were three-fourths destroyed by tidal waves, earthquake and fire at 12:20 p. m. September 1st. Most of the buildings of the cities were completely razed.

Three million persons are homeless and 500 to 1,000 are dead. There is vast property loss, the total being incalculable.

A food shortage exists, and there is no water. Martial law has been declared, but the morale is splendid. There is no looting.

Scarcely a single building stands. Destruction was the worst in history, and deaths less.

Smaller quakes continued for 20 hours. The conflagration continued for 24 hours, and is still burning.

Smaller quakes continued. Most of the business district is completely gone.

By MOTO TAKATA,

Assistant foreign editor of the Osaka Mainichi.

(Written for the United Press.)

Osaka, Japan, Sept. 4.—The foreign settlement at Yokohama was completely destroyed by a tremendous earthquake Saturday. The American consulate collapsed, the consul and his wife dying in the ruins.

The British consul was also killed. Destruction by quakes, fire and flood at Tokio was even more appalling, first official reports issued today declaring 200,000 were killed and injured in the capital alone.

#### Plundering Breaks Out

Plundering has broken out in Tokio, adding its horrors to those of the flames. The population is desperately in need of food. Koreans are reported to be taking the leading part in the looting and pillaging, and martial law, which was proclaimed after the disaster, has been extended, but the burden of the tragedy is being borne by royalty as well as the starving masses. Prince Matsukata succumbed today to injuries received when his house tumbled upon him at Kamakura. The Princess Kamyni

and her son, Prince Higashiani, also were killed.

The whereabouts of other royalty are unknown, and they are feared to have perished.

#### Terrible Scenes in Yokohama

Terrible scenes are reported from Yokohama. The main part of the city is completely destroyed, while the city hall, Grand Hotel, and Specie Bank are in ruins. The harbor is cluttered with wreckage, many ships having been wrecked. The breakwater was destroyed. Many ships, loaded to the danger point with refugees, have put to sea.

Hakone is believed to have been completely destroyed. Many Japanese notables and foreign residents who were staying in mountain hotels probably escaped.

#### Monstrous Tidal Waves

Itami was heavily damaged. There were monstrous tidal waves at Kamakura, Hamaya and other sea resorts which were hard hit, but owing to the lack of communication, the exact extent of destruction is unknown.

For ten hours after the catastrophe airplane observations and attempts to communicate with the stricken cities by airplane were useless owing to the density of the smoke. This lack of authentic information caused many unfounded rumors.

#### FRESH SCENES OF HORROR, TOKIO BURNING

Pekin, Sept. 4.—Tokio is still burning.

Fresh scenes of horror are being enacted on every side. Dead bodies are heaped everywhere.

Imperial guards are blasting remaining buildings in the hope of turning the advancing wall of flames from the royal palace.

(Pekin does not estimate the number of casualties, but advices from Osaka indicated much uncertainty as to the number of dead. One dispatch fixed the total at 200,000, while a later one said only 2,500 were killed.)

One thousand persons in Tokio who escaped the earthquake and fire that followed have committed suicide by drowning, insane with grief.

In Yokohama less than 48 hours food supply remains. Many thousands are suffering from lack of drinking water. Engineers are doing their utmost to repair mains and reservoirs.

The flames approached the Tokio jail, and fearing that nearly 1,000 prisoners would be roasted alive, the officials released them. Many of the convicts immediately started looting.

Koreans also are reported to be looting in bands. Tokio police frustrated any attempted revolution. The Koreans attempted to arouse socialists and other malcontents. They were expelled, and the martial law under which Tokio has been held since Saturday tightened.

An intercepted wireless from the Korea Maru at Yokohama says that an explosion of a huge oil tank there

#### PRESIDENT ASKS AID FOR JAPAN

Washington, Sept. 4.—President Coolidge has issued the following proclamation:

"To the people of the United States:

"An overwhelming disaster has overtaken the people of the friendly nation of Japan. While its extent has not as yet been officially reported, enough is known to justify the statement that the cities of Tokio and Yokohama and surrounding towns and villages have been largely if not completely destroyed by earthquake, fire and flood, with a resultant appalling loss of life and destitution and distress, requiring measures of urgent relief.

"Such assistance as is within the means of the executive department of the government will be rendered; but realizing the great suffering which now needs relief and will need relief for days to come, I am prompted to appeal urgently to the American people whose sympathies have always been so comprehensive to contribute in aiding the unfortunate and in giving relief to the people of Japan.

"In order that the utmost co-ordination and effectiveness in the administration of the relief funds be obtained, I recommend that all contributions, clearly designated, be sent to the chairman of the American National Red Cross at Washington or to any of the local Red Cross chapters for transmission to Japan."

was the principal cause of damage, and started the conflagration which wiped out most of the city.

The Korea Maru also sent word of a newly reported disaster in connection with Saturday's shock and tidal wave.

The city of Chitimioki, east of Tokio, with a population of 50,000, seat of the Japanese medical college, is reported to have been destroyed with the greatest death list of all.

#### AMERICAN EMBASSY IS REPORTED SAFE

Washington, Sept. 4.—Cyrus E. Woods, United States ambassador to Japan, Mrs. Woods and the whole personnel of the American embassy at Tokio are safe, Woods notified the State Department today.

Woods' message said the embassy was totally destroyed by the earthquake.

It was very brief and did not disclose whether any of the other Americans in Tokio or Yokohama were victims of the disaster.

The message from Woods was the first received from any American. More detailed advices are expected during the day.

The following is the message from Woods sent from the radio station at Iwaki and undated:

"All embassy buildings totally destroyed but no one in embassy injured. Food situation very acute. Send rations from Philippines."

The Department also received a message from Capt. A. K. Davis at Shanghai. The captain's message follows: "From the master of the steamer President Johnson to the Admiral Line here, from Yokohama, noon today, by radio direct:

"Yokohama completely wiped out by earthquake and fire. Tokio and Yokasho also. Refugees report Misanyashapa and Hakone also destroyed. Admiral Oriental line, sunk, everything lost, all employees safe. Do not accept traffic for Yokohama but route all ships there to render all possible assistance. Give supplies. Returning Kobe with 350 destitute refugees. Sail Kobe for Seattle direct soon as possible. Ersler last seen Grand Hotel, whereabouts unknown. Ackerman unknown. Eshing and wife safe aboard. Fires are still burning. U. S. consul at Yokohama and wife dead. Casualties among foreigners are very numerous. Publish safe arrival Kobe. Empress Australia disabled. Empress Canada arrived Monday. Freight, also supplies to sick and wounded. All houses on Bluff and Grand Hotel Oriental are gone.

"Suggest Asiatic fleet send fast ships at once. Relief urgently needed. Doctors, nurses and supplies. Publish navigation warning all ships leaving Yokohama and all out north Nikito except Asehita not approach breakwater Yokohama bottom come up."

The Department made no comment on the captain's message. There was no way to identify the persons mentioned in it, except that the reference to Ackerman was thought possibly to be Congressman Ackerman of New Jersey, believed to be in Japan. His reference to the conditions in Yokohama harbor indicated that the floor of the sea there had been shoved up by the seismic dis-

turbances, making navigation unsafe and lighthouses were out of commission.

#### EMPEROR'S RELATIVES HEAR 100,000 KILLED

Paris, Sept. 4.—More than 100,000 persons are dead in Tokio, where the business quarters were completely wiped out, according to a telegram from the chamberlain of the Japanese imperial household to relatives of the emperor here.

Three members of the Japanese imperial family—Princess Yamashima, a daughter of Princess Kanin, and a son of Princess Higashilini, were killed.

#### 23 MINNESOTANS LOST IN JAPAN

St. Paul, Sept. 4.—Friends of three St. Paul residents were anxiously awaiting word today from Mr. and Mrs. George Pierce and Mr. Charles A. Pierce, brother of George Pierce.

In a letter received Monday afternoon by Dr. C. M. McCloud from Mr. and Mrs. Pierce, dated Yokohama, August 13, they told of planning to leave Yokohama shortly for Kurizawa, 100 miles northwest of Tokio.

No word has been received from Charles Pierce.

It is believed that Mr. and Mrs. Pierce had probably left Yokohama before the earthquake and that they were saved.

There are 23 Minnesotans known to be in Japan, but none of the others have been heard from as yet.

#### OBREGON ADDRESSES MEXICAN CONGRESS

#### READY TO MEET ALL OBLIGATIONS AND FULFILL DEBT AGREEMENT

Mexico City, Sept. 4.—President Obregon personally read his message at the opening of congress late last night.

He said that formal diplomatic relations between the United States and Mexico would be resumed today when the credentials of the charge d'affaires of both countries would be presented.

Mexico is able to meet all obligations and will carry out its foreign debt agreement with international bankers, President Obregon said. The first payment of \$15,000,000 due this year will be met. There are \$13,500,000 now on deposit in the national bank of Mexico and the remainder is assured.

The presidential message took the form of a report of all the government departments. It contained over 50,000 words and required three and one-half hours to read.

#### Minnesota Farm Yields 100 Bushel Oats Crop

Edgerton, Minn., Sept. 4.—William Vanessen had a record oat field on his farm near here. Threshing has just been completed at the Vanessen farm and a measured tract of 15 acres of oats yielded an average of better than 100 bushels to the acre.

#### U. S. VESSELS RUSH FOOD TO VICTIMS OF THE EARTHQUAKE

Pekin, Sept. 4.—Six United States destroyers left the port of Dairen for Yokohama carrying a number of doctors and large quantities of food supplies to aid the earthquake victims in the stricken city. The flagship Huron, of the Asiatic fleet, picked up Admiral Anderson at Chefoo and is proceeding to Japan.

#### NYMORE FIRE SWEEPED TODAY

#### BEMIDJI SUBURB SUSTAINS DAMAGES AMOUNTING TO \$50,000

(By United Press) Bemidji, Minn., Sept. 4.—Fire of unknown origin early this morning destroyed five business buildings in Nymore, a suburb of Bemidji. Property damage is estimated at \$50,000, partly covered by insurance.

Irvin Edy was slightly injured by falling timbers while assisting in removal of the contents of one of the buildings.

The Bemidji fire department had great difficulty in fighting the flames due to a faulty pump in the Nymore water works station. Finally a line of hose was run to the Crookston Lumber company plant, but pressure there was inadequate.

The five buildings stand in a row on the east side of the street. A sixth building, the Nymore Salvation Army hall, was saved, although the flames several times threatened its destruction.

#### NORTHWEST BRIEFS

##### Coroner's Inquest Held

Valley City, Sept. 4.—The coroner's inquest over the remains of Mrs. S. J. Aandahl, wife of a former state railroad commissioner who lives near here, will be resumed today. Testimony was heard by Coroner Martin Sondahl, Aug. 16 which showed that the deceased had bought arsenic and strychnine and that a quantity of arsenic had been found near her body. Relatives, unsatisfied, demanded that the stomach be sent to the laboratory at the state university for examination. The report from the laboratory will be disclosed today.

Mrs. Aandahl disappeared June 13 while she and her son Fred were visiting in the city. She left her son to visit friends, and when no word had been received from her the next day the sheriff's office joined with the son in a search. No publicity was ever given the matter. On August 14 the body was found in a nearby woods. Near the body was a package containing arsenic, according to Chief of Police Swanson. The druggist testified that Mrs. Aandahl had both arsenic and strychnine the day she disappeared. She explained she wanted them to "kill rats" and books of the store showed the required entries.

Other witnesses were called to testify as to her sanity, but none had noticed any suspicious actions.

##### American Legion Auxiliary

Mandan, Sept. 4.—Speakers before the Auxiliary of the American Legion, department of North Dakota, in annual convention here tomorrow and Thursday, are Gov. B. A. Nestos; Mrs. L. N. Cary, Mandan; as president of the Federated Women's club of North Dakota; F. B. Streeter, Linton, newly elected state commander of the American Legion; Mrs. W. R. Witherstone, Grand Forks, state president; Wm. T. Knoll, Minneapolis, liaison officer for the legion.

Among the candidates who have already announced themselves are Mrs. A. L. Knauf, Jamestown, for president and Mrs. A. L. Halvorsen of Hillsboro, for national delegate.

#### Lodge at Hackensack Burns; \$50,000 Loss

Minneapolis, Sept. 4.—Interlachen Lodge, 10 miles from Hackensack, Minn., 105 miles north of Minneapolis, was destroyed by fire of an unknown origin early Monday, with a loss of \$50,000. It was owned by T. E. Hoofnagle, 825 Fourth avenue S., and was one of Minnesota's finest summer resort hotels.

Paul Smith, caretaker, and W. E. Alden, who had leased the hotel this summer, went to the place Sunday to check up on the goods and get it ready for winter. The place had been closed for a week with the end of the summer season. Mr. Smith lost his clothes and some money in the fire.

Furnishings valued at \$15,000 were burned. Insurance amounted to \$15,000.

#### CRITICALLY HURT IN POLO GAME

(By United Press) Ft. Snelling, Minn., Sept. 4.—Major or Ivan Jones of the Green Dragon polo team from Ft. Des Moines was critically injured when his horse fell during a polo game here Saturday. He was reported to be in a serious condition at the hospital this morning.

Physicians report that Major Jones suffered concussion of the brain but that he had an even break for recovery.

#### FLAGS ON BUILDINGS AT FULL STAFF TODAY

Minneapolis, Sept. 4.—Flags on all federal buildings in Minneapolis lowered to half mast on an order from the United States treasury department Aug. 3, to show sorrow of the nation at the death of President Harding, was raised again to full staff yesterday. The order to raise the flags was sent to custodians of federal buildings in all parts of the country. The end of the 30 day period of mourning came on Labor Day.

#### HALF HOUR PARKING IN EFFECT NEXT WEEK

Minneapolis, Sept. 4.—The 30 minute parking ordinance adopted by the city council Friday, will go into effect after State Fair week. Police Inspector John Galvin said today. The present hour parking limit will be maintained this week to accommodate fair visitors.

#### 600 HEAR KVALE IN FAREWELL SERMON

#### REPRESENTATIVE ENDS 6 YEARS SERVICE AT BENSON—\$9,000 ORGAN DEDICATED

Benson, Minn., Sept. 4.—Stating he will continue his work, but in another field, Rev. O. J. Kvale bid his adieu to his congregation here last night in a farewell sermon before taking over the duties of representative of his district. Rev. Kvale was elected representative at the last November election, defeating A. J. Volstead.

Representative Kvale had served as pastor of the Norwegian Lutheran church here for six years, having come from southern Wisconsin. The farewell sermon yesterday completed 29 years of life in the ministry. The church, which has a congregation of between 500 and 600, was crowded to capacity as a tribute to their departing pastor.

The period of Mr. Kvale's ministry was brought to a close last night by the dedication of a \$9,000 pipe organ installed in the church.

Rev. M. O. Andrews, formerly of Wheaton, will succeed Rev. Kvale as pastor. He will be installed at services next Sunday.

#### GETS FIRST PRIZE ON EARLY OHIO SPUDS, ALSO SMALL FRUITS

COUNTY AGENT ROTH URGES ALL TO CALL AT THE BOOTH AT STATE FAIR

COUNTY MAY WIN PRIZE FOR REGISTERING LARGEST ATTENDANCE

Crow Wing county has an exhibit at the state fair of which every resident in the county may well be proud. The booth in which this exhibit is arranged is located in the agricultural building, and is the first that this county has maintained for the past eight years, it is said.

Already many of the exhibits in this booth have taken special prizes, says County Agent E. G. Roth, who has just returned from the fair. These consist of first prizes in early Ohio potatoes and first in several of the small fruits exhibited.

Mr. Roth urges all who visit the fair to call at the Crow Wing county booth and register. A grand prize of one thousand dollars will be given to the county represented by an exhibit, which has the largest number of visitors registered. Crow Wing county has a good chance of winning this money in the opinion of the county agent, who says that fifty people registered on the opening day, the poorest day of the fair, in point of attendance.

This booth was arranged from exhibits shown at the local county fair, and much credit is due those who took the initiative in its preparations. The county fair association sponsored the movement, and the exhibit was arranged by its president, D. D. Schrader, county agent E. G. Roth, both of Brainerd, Theodore Lundborg and William Brueske of Crosby, the latter being in charge of the mining portion of the display.

Mexico City, Sept. 4.—President Obregon personally read his message at the opening of congress late last night.

He said that formal diplomatic relations between the United States and Mexico would be resumed today when the credentials of the charge d'affaires of both countries would be presented.

Mexico is able to meet all obligations and will carry out its foreign debt agreement with international bankers, President Obregon said. The first payment of \$15,000,000 due this year will be met. There are \$13,500,000 now on deposit in the national bank of Mexico and the remainder is assured.

The presidential message took the form of a report of all the government departments. It contained over 50,000 words and required three and one-half hours to read.

### MINNESOTA FARM YIELDS 100 Bushel Oats Crop

Edgerton, Minn., Sept. 4.—William Vanessen had a record oat field on his farm near here. Threshing has just been completed at the Vanessen farm and a measured tract of 15 acres of oats yielded an average of better than 100 bushels to the acre.

### U. S. VESSELS RUSH FOOD TO VICTIMS OF THE EARTHQUAKE

Pekin, Sept. 4.—Six United States destroyers left the port of Dahren for Yokohama carrying a number of doctors and large quantities of food supplies to aid the earthquake victims in the stricken city. The flagship Huron, of the Asiatic fleet, picked up Admiral Anderson at Chefoo and is proceeding to Japan.

### NYMORE FIRE SWEEPED TODAY

BEMIDJI SUBURB SUSTAINS DAMAGES AMOUNTING TO \$50,000

(By United Press)  
Bemidji, Minn., Sept. 4.—Fire of unknown origin early this morning destroyed five business buildings in Nymore, a suburb of Bemidji. Property damage is estimated at \$50,000, partly covered by insurance.

Irvin Eddy was slightly injured by falling timbers while assisting in removal of the contents of one of the buildings.

The Bemidji fire department had great difficulty in fighting the flames due to a faulty pump in the Nymore water works station. Finally a line of hose was run to the Crookston Lumber company plant, but pressure there was inadequate.

The five buildings stand in a row on the east side of the street. A sixth building, the Nymore Salvation Army hall, was saved, although the flames several times threatened its destruction.

### NORTHWEST BRIEFS

#### Coroner's Inquest Held

Valley City, Sept. 4.—The coroner's inquest over the remains of Mrs. S. J. Aandahl, wife of a former state railroad commissioner who lives near here, will be resumed today. Testimony was heard by Coroner Martin Soudahl, Aug. 16 which showed that the deceased had bought arsenic and strychnine and that a quantity of arsenic had been found near her body. Relatives, unsatisfied, demanded that the stomach be sent to the laboratory at the state university for examination. The report from the laboratory will be disclosed today.

Mrs. Aandahl disappeared June 13 while she and her son Fred were visiting in the city. She left her son to visit friends, and when no word had been received from her the next day the sheriff's office joined with the son in a search. No publicity was ever given the matter. On August 14 the body was found in a nearby woods. Near the body was a package containing arsenic, according to Chief of Police Swanson. The druggist testified that Mrs. Aandahl had both arsenic and strychnine the day she disappeared. She explained she wanted them to "kill rats" and books of the store showed the required entries.

Other witnesses were called to testify as to her sanity, but none had noticed any suspicious actions.

#### American Legion Auxiliary

Mandan, Sept. 4.—Speakers before the Auxiliary of the American Legion, department of North Dakota, in annual convention here tomorrow and Thursday, are Gov. B. A. Nestos; Mrs. L. N. Cary, Mandan; as president of the Federated Women's club of North Dakota; F. B. Streeter, Linton, newly elected state commander of the American Legion; Mrs. W. R. Witherstine, Grand Forks, state president; Wm. T. Knoll, Minneapolis, liaison officer for the legion.

Among the candidates who have already announced themselves are Mrs. A. L. Knauf, Jamestown, for president and Mrs. A. L. Halvorson of Hillsboro, for national delegate.

### Lodge at Hackensack Burns; \$50,000 Loss

Minneapolis, Sept. 4.—Interlachen Lodge, 10 miles from Hackensack, Minn., 105 miles north of Minneapolis, was destroyed by fire of an unknown origin early Monday, with a loss of \$50,000. It was owned by T. E. Hoofnagle, 825 Fourth avenue S., and was one of Minnesota's finest summer resort hotels.

Paul Smith, caretaker, and W. E. Alden, who had leased the hotel this summer, went to the place Sunday to check up on the goods and get it ready for winter. The place had been closed for a week with the end of the summer season. Mr. Smith lost his clothes and some money in the fire.

Furnishings valued at \$15,000 were burned. Insurance amounted to \$15,000.

### CRITICALLY HURT IN POLO GAME

(By United Press)  
Ft. Snelling, Minn., Sept. 4.—Major Ivan Jones of the Green Dragon polo team from Ft. Des Moines was critically injured when his horse fell during a polo game here Saturday. He was reported to be in a serious condition at the hospital this morning.

Physicians report that Major Jones suffered concussion of the brain but that he had an even break for recovery.

### FLAGS ON BUILDINGS AT FULL STAFF TODAY

Minneapolis, Sept. 4.—Flags on all federal buildings in Minneapolis lowered to half mast on an order from the United States treasury department Aug. 3, to show sorrow of the nation at the death of President Harding, was raised again to full staff yesterday. The order to raise the flags was sent to custodians of federal buildings in all parts of the country. The end of the 30 day period of mourning came on Labor Day.

### HALF HOUR PARKING IN EFFECT NEXT WEEK

Minneapolis, Sept. 4.—The 30 minute parking ordinance adopted by the city council Friday, will go into effect after State Fair week. Police Inspector John Galvin said today. The present hour parking limit will be maintained this week to accommodate Fair visitors.

### 600 HEAR KVALE IN FAREWELL SERMON

### REPRESENTATIVE ENDS 6 YEARS SERVICE AT BENSON—\$9,000 ORGAN DEDICATED

Benson, Minn., Sept. 4.—Stating he will continue his work, but in another field, Rev. O. J. Kvale bid his adieu to his congregation here last night in a farewell sermon before taking over the duties of representative of his district. Rev. Kvale was elected representative at the last November election, defeating A. J. Volstead.

Representative Kvale had served as pastor of the Norwegian Lutheran church here for six years, having come from southern Wisconsin. The farewell sermon yesterday completes 29 years of life in the ministry. The church, which has a congregation of between 500 and 600, was crowded to capacity as a tribute to their departing pastor.

The period of Mr. Kvale's ministry was brought to a close last night by the dedication of a \$9,000 pipe organ installed in the church.

Rev. M. O. Andrews, formerly of Wheaton, will succeed Rev. Kvale as pastor. He will be installed at services next Sunday.

### GETS FIRST PRIZE ON EARLY OHIO SPUDS, ALSO SMALL FRUITS

COUNTY AGENT ROTH URGES ALL TO CALL AT THE BOOTH AT STATE FAIR

### COUNTY MAY WIN PRIZE FOR REGISTERING LARGEST ATTENDANCE

Crow Wing county has an exhibit at the state fair of which every resident in the county may well be proud. The booth in which this exhibit is arranged is located in the agricultural building, and is the first that this county has maintained for the past eight years, it is said.

Already many of the exhibits in this booth have taken special prizes, says County Agent E. G. Roth, who has just returned from the fair. These consist of first prizes in early Ohio potatoes and first in several of the small fruits exhibited.

Mr. Roth urges all who visit the fair to call at the Crow Wing county booth and register. A grand prize of one thousand dollars will be given to the county represented by an exhibit, which has the largest number of visitors registered. Crow Wing county has a good chance of winning this money in the opinion of the county agent, who says that fifty people registered on the opening day, the poorest day of the fair, in point of attendance.

This booth was arranged from exhibits shown at the local county fair, and much credit is due those who took the initiative in its preparations. The county fair association sponsored the movement, and the exhibit was arranged by its president, D. D. Schrader, County Agent E. G. Roth, both of Brainerd, Theodore Lundborg and William Brueske of Crosby, the latter being in charge of the mining portion of the display.

## GRAND PATRIARCH OF ODD FELLOWS

Local Odd Fellows are much interested in a special joint meeting which will be held on Wednesday evening, Sept. 5, for the purpose of meeting Grand Patriarch M. H. McDivitt, of Minneapolis, who comes on a very important mission.

This special meeting will be held after the regular lodge session, which will be purposely very short. It will be a joint meeting of Rushworth Encampment, Unity lodge and Florence Rebekah lodge, and all members of these orders are especially requested to be present.

The committee in charge has made arrangements for a very interesting program, followed by refreshments.

### Ryan-McCarthy

A very pretty wedding was consummated on Monday morning, when Miss Helen McCarthy, daughter of Mr. and Mrs. John McCarthy, became the bride of Clement A. Ryan, son of Mr. and Mrs. M. E. Ryan.

The ceremony took place at 8 o'clock at St. Francis Catholic church, Rev. Father James Hogan officiating. The church was filled with friends of the contracting parties, who are very popular among Brainerd's younger set.

Miss Monica McGill acted as bridesmaid and Donald Ryan, brother of the groom, as best man. Agnes Marie and Virginia Clare, little daughters of Mr. and Mrs. F. A. Foltz, were flower girls, and carried baskets of sweet peas.

The bridal party approached the altar to the strains of Lohengrin's wedding march, played by Miss Mayme Scallon. Miss McGill led the procession followed by the bride on the arm of her father. They were met at the altar by the groom and his attendant. Mrs. I. J. Zigan sang the solos during the ceremony.

The bride was attired in a gown of silver grey canton crepe, trimmed with bead, with a hat to match, and carried Killarney roses and baby breath. The bridesmaid wore a pink canton crepe gown with hat to match, and carried pink roses and lavender sweet peas.

Following the pleasing ceremony the bridal party, relatives and friends attended a wedding breakfast at the home of the bride's parents. The rooms were beautifully decorated in pink and white, with a profusion of roses. The table decorations were roses and sweet peas.

The newlyweds left in the afternoon on a motor trip to Bemidji, International Falls, and may tour a portion of Canada. They expect to be absent two or three weeks.

Both contracting parties are very well and favorably known in the city. The bride was born and raised in Brainerd, and attended the city schools. For the past five years she has been employed as private stenographer in the office of W. H. Gemmell, president of the Minnesota & International Railway.

Mr. Ryan was born in St. Paul, but has spent most of his life in Brainerd. Here he attended the public schools, graduated from St. John's university at Collegeville, and the St. Paul Law School. For the past three years he has been associated with his father in the firm of M. E. and C. A. Ryan, attorneys, and is considered one of the coming practitioners of the city.

Out-of-town guests included Mr. and Mrs. A. E. Helmer and family, of Superior, Wisconsin, Donald Ryan of St. Paul, and H. L. Tomlinson of Fergus Falls.

605 South 6th St. Brainerd, Minn.

Don Frank Fenn read the service at 3 o'clock.

Miss Anna Mae Vos was the bride's only attendant and Mr. Arlo E. Haering of Chaska, was the best man.

The bride wore an afternoon gown of cocoa colored crepe Romaine and a hat of gold lace. Her flowers were a corsage bouquet of Ophelia roses and baby breath. Miss Vos' gown was of rosewood charmeen with a hat to match. Salmon pink roses

were in the corsage bouquet.

A wedding dinner was given at the home of the bridegroom's mother. Baskets of summer flowers decorated the rooms. Mr. and Mrs. Barker are on their wedding trip in the northern part of the state. After Oct. 1 they will be at home in Duluth.

Mr. and Mrs. Edward Boppel of Brainerd, parents of the bride, A. W. Barker, of Columbus, Mont., a brother of the bridegroom, and Mrs.

George Pagenkopf of Maple Plain, were among the out of town guests.

The Gilmer store has enjoyed a good patronage, which it is hoped will continue under the new management. Mr. Ludwig will have an announcement in Tuesday's Dispatch.

# An Official Statement by the Governor of South Dakota

On August 29, Governor McMaster, of South Dakota, issued the following statement:—

"At a meeting with Colonel Stewart, Chairman of the Board of Directors of the Standard Oil Company of Indiana and other Standard Oil Officials, held in Pierre this morning, Mr. Stewart expressed unqualifiedly the willingness of Standard Oil to comply with the wishes of the consumers of the State of South Dakota in so far as those wishes could be expressed and interpreted by the governor of this state. These Standard officials, although they contend that the present prices do not properly reflect the costs of production, refining and distribution, plus a reasonable profit, were willing, at my request, to do one of two things—raise the price of gasoline immediately in the State of South Dakota where it would represent a six and six-tenths cent reduction over former prices, or maintain, for the time being, sixteen cent gasoline in the State of South Dakota, using Mitchell as a base.

"After due consideration, the Standard Oil officials were asked by the governor to maintain the present price of 16 cents for the time being. I wish to accept full responsibility for this situation and state that Standard Oil, by deed and act, is working in fullest co-operation with the governor of this state and therefore can in no respect be blamed for 16 cents gasoline from this date.

"I realize that the independents who have viciously assailed and attacked me will raise bitter complaint against this condition. However, after due consideration and investigation, I wish to say that if the former gasoline prices of this state were excessive, the independents of this state were just as responsible for that condition and were just as guilty of taking excess profits as was Standard Oil.

"At no time during the period which former gasoline prices prevailed did any independent of this state raise one objection or bring one complaint to this office in an effort to bring about any reduction in price but they were perfectly willing to profit to the fullest extent.

"I realize that all sorts of charges will be made against me because of this action, but in view of the fact that gasoline can be purchased at various refineries today for approximately seven cents a gallon, it will not work injury to the public cause if the Independents are forced for the time being to do business on a small margin of profit. There is no particular reason why the State Government should guarantee to the Independent Oil Dealers of this state, at least for the time being, fixed profits, especially in view of the fact that they were perfectly willing and were a party to take excessive profits from the people."

This clearly defines the position which the Standard Oil Company (Indiana) has maintained throughout this controversy.

## BAR ASSOCIATION HEAD FAVORS CONSTITUTIONAL AMENDMENTS

JOHN W. DAVIS, president of the American Bar association and former ambassador to Great Britain, is not afraid that the foundations of the country will fall away if sensible amendments to the Constitution are adopted. Speaking to the members of the American Bar association assembled in convention in Minneapolis the distinguished president of the association expressed himself as being in favor of amendments which would bring about greater efficiency. With the thoroughness that is a mark of a trained mind and the careful analysis that is a result of a legal training, Mr. Davis pointed out the defects of our present system. He called attention to the fact that a matter non-important in itself had led to the long period between the election of a president and his assumption of office and the longer pause in legislative functioning that comes after the presidential election. The speaker made it clear that a change here is desirable.

The president of the American Bar association would change the method of amending the constitution by giving the people a larger opportunity of expression. He would have amendments "submitted directly to the people of the several states or to legislatures selected after and not before the amendment has been proposed.

Mr. Davis is not impressed with the arguments in favor of the provision by which a treaty must have a two-thirds vote of the senate before it is ratified. He fails to see why the minority, which is empowered to defeat a treaty, should be given credit for having twice the intelligence of the majority that favors it. In dealing with the argument that such a provision assures a non-partisan consideration of foreign questions, he said: "Can it not be truly replied in the light of a century of history that we are much more likely to secure by it partisan inaction than nonpartisan action?"

And so after all the American Bar association is not really as reactionary as some have supposed it to be. When its president supports certain constitutional amendments that will make for efficiency and for the more direct expression of the people's will, it appears that there are forward-looking men in commanding positions in the legal profession.

The progressive element within both political parties will rejoice in the stand of Mr. Davis. There are radicals who seek amendments which would so alter the Constitution that the genius of this republic would be affected. These will be adopted if the stand-pat element attempt to use the Constitution as a fetish. The constitution is not a document to which men must shape everything that results from changing conditions brought about through the progress of the centuries; the Constitution is an instrument to be used by men and, if necessary, to be changed by men. Men are not required to be subservient to its discredited provisions; it must serve the citizens of the United States and wherein it fails to do this properly it must be amended.

## ANOTHER SCHOOL YEAR

BRAINERD will welcome the return of the teachers who have instructed the children in past years and have become known to many of our citizens. Those who have come to the city for the first time are also welcomed by the parents.

When the school bells rang this morning they heralded the re-opening of what is a considerable enterprise, for the schools of the city employ many teachers and the children who enter them constitute a large assemblage. The magnitude of Brainerd's schools has probably never been realized by those citizens whose interest in the schools has not been thoroughly aroused. The teachers make up quite a community and when the end of the school year comes their presence is missed.

The home, the school and the church are parts of that wholesome environment whose cumulative influence combats the influences that arise from surroundings external to these. The three constitute a trinity in unity, and the closer the unity the more valuable the unified influence that builds character and provides a defensive armor that turns the point of the shafts that are directed against it by evil forces.

Despite certain unfortunate conditions in the methods of taxing in Minnesota, which have worked a hardship on Brainerd's educational equipment, but which are gradually yielding to the demands of equal justice, Brainerd's schools are turning out well-trained graduates. The cooperation of parents will help the schools in their attempt to do satisfactory work, as a more lively interest on the part of parents will further the interests of the schools which are in fact the interests of the parents themselves and of their children.

Young people who are tempted to drop out of school should be encouraged to continue their studies. Many lives that might otherwise have been lived usefully have been hindered at the start because they had not the will to finish high school. Whatever one may attempt in life, whether it be within the white collared contingent or with those who do manual labor, the task is the better performed if the person doing it has graduated from high school.

## AMERICA LEADS IN CRIME

THE Law Enforcement Committee of the American Bar association has prepared a report that should be carefully considered by Americans generally. The American Bar association is intent upon securing a crystallized public opinion that will help in the prevention of crime by yielding to the advice of experts whose recommendations the public will accept and enforce.

It is well that the American Bar association should call attention to the many crimes committed in this country and should seek to point out the causes of these; and the association can assist in checking these, in more than one way. If some of its members will refuse to prostitute their professional ability by calling in technicalities for the purpose of freeing criminals whom they know to be guilty, and will stand ready to allow the penalty to be imposed and the criminal to be held until the sentence expires, there will be hope of checking the criminals within our borders.

The report states that it is estimated that there were 7,850 murders committed in the United States last year and that in 1921 there were 260 murders committed in New York and 137 in

Chicago. It shows further that in 1921 only 63 murders were committed in England and Wales. In other words, there were more than four times as many murders committed in New York during that year than in the whole of England and Wales, while the population of Greater London alone is larger than that of New York. In France in 1919, the report states, there were 588 murders, and it goes on to show the methods used in France in dealing with criminals in which attention is given to the dominant trait in the French character which is love of native town and country. Recognition of this trait has resulted in a sentence of exile for certain crimes.

The report gives reasons for the large number of crimes committed in this country. It shows that in America the machinery of "law enforcement lacks—celerity, certainty and finality."

In the light of statistics which show that between the years 1910 and 1922 the general population of the United States increased 14.9 per cent while the criminal population increased 16.6 per cent, the people of the United States will glimpse the seriousness of the growth in criminality and aroused by the menace they will further efforts to check it.

## MRS. EDWIN CARLISLE DIED

Nisswa Matron Leaves Husband, Daughter and Five Grand-children

Mrs. Edwin Carlisle, of Nisswa, passed away on Saturday, September 1st, after a short illness.

Ruthella Hutchinson was born in Ontario, Canada, Feb. 8th, 1859. With her family she moved to Iowa, and was married at Traer to Edwin Carlisle on September 9th, 1883.

Two children were born to this union, one dying in infancy, the other, a daughter, Mrs. Claude Sewell, lived with her mother at the time of her death.

She has left to mourn her loss, her husband, her daughter and five grand-children.

The funeral was held on Monday at Nisswa, Rev. W. J. Smith officiating, and interment was made in the Nisswa cemetery.

## IN MUNICIPAL COURT

Various Cases Before Judge J. H. Warner, Four Disposed of. Two Go to Juvenile Court

In municipal court Tuesday morning, Chauncey Brockway pleaded guilty to a charge of keeping liquor and paid a fine of \$50 and \$2 costs.

W. Fogelstrom and F. Bushway were found guilty of a charge of disorderly conduct and fined \$10 each. The charge arose from a quarrel between the two parties following their attendance at a dance Monday night.

Three boys, Carl Apuli, Roy Anderson and Hjalmer Johnson, accused of trespassing on railway property, were also in court. Apuli pleaded guilty and was fined \$5. The other two, on account of their age, were certified to the juvenile court.

It is said that these three boys had climbed into a freight car containing pulpwood, and intended to ride to the cities, where they said they wanted to attend the state fair.

## Entertains for Bridal Party

Mrs. M. E. Ryan entertained at a six o'clock dinner on Saturday for members of the bridal party, immediate relatives and friends, in honor of her son, Clement A. Ryan and Miss Helen McCarthy, who were married on Labor Day.

The home was very prettily decorated with roses and sweet peas. A five course dinner was served, the hostess being assisted by her daughter, Miss Helen Ryan.

## OLD FIDDLERS

Because of Its Popularity, Contest is to be Held Again at Lyceum Theatre

Because of the popularity of the Old Fiddlers contest held recently at the Lyceum theatre, Manager W. R. Miller will stage a similar contest on Wednesday evening, and asks that all the old-time fiddlers, the artists of yesterday, tune up the instruments and be on hand tomorrow night.

Cash prizes will be given to the

winners, who will be chosen by popular vote of the audience.

Theatre-goers have proven that they appreciate the old songs as interpreted by these old fiddlers, from the reception accorded them at the previous contest, and it is the hope of the management that Wednesday's offering will be still more popular.

The music these old-time players produced brought back to mind tunes that had been forgotten by many, or that had not been heard for many a year. Occasions long forgotten, dances, weddings, and bees, were recalled by the strains that leaped from the bows of the contestants, the artists of a passing generation.

If you enjoy the popular old-time melodies, played as only the old fiddlers can play them, attend the Lyceum theatre on Wednesday night.

"Babe" Anderson in His Laugh Fest "Happy Though Married" at New Park Theatre

The added attraction at the New Park theatre on Wednesday and Thursday nights of this week will be amateur vaudeville, with "Babe" Anderson, in his laugh fest, entitled "Happy, Though Married." If you are married, or even contemplating marriage, find out what it did to another before taking the plunge.

Mr. Anderson, recently completing a contract on a popular vaudeville circuit, says that he wishes to discourage no one in the matter of marriage, but if you are talking of wedlock, it will be just as well if you

don't go further than the talking stage.

For the married men, Mr. Anderson, who has been there himself, states that he will help you forget on Wednesday and Thursday nights, if you hear him at the New Park. You will be able to go another "round" if you let him work on your laugh muscles for a few minutes.

In addition to "Babe" Anderson, Mae Murray will appear in a special feature picture, "Broadway Rose" portrayed as only this actress is able to interpret the part. The bill this Wednesday and Thursday at the New Park promises much to Brainerd theatre goers.

## BAR ASSOCIATION HEAD FAVORS CONSTITUTIONAL AMENDMENTS

JOHN W. DAVIS, president of the American Bar association and former ambassador to Great Britain, is not afraid that the foundations of the country will fall away if sensible amendments to the Constitution are adopted. Speaking to the members of the American Bar association assembled in convention in Minneapolis the distinguished president of the association expressed himself as being in favor of amendments which would bring about greater efficiency. With the thoroughness that is a mark of a trained mind and the careful analysis that is a result of a legal training, Mr. Davis pointed out the defects of our present system. He called attention to the fact that a matter non-important in itself had led to the long period between the election of a president and his assumption of office, and the longer pause in legislative functioning that comes after the presidential election. The speaker made it clear that a change here is desirable.

The president of the American Bar association would change the method of amending the constitution by giving the people a larger opportunity of expression. He would have amendments "submitted directly to the people of the several states or to legislatures selected after and not before the amendment has been proposed.

Mr. Davis is not impressed with the arguments in favor of the provision by which a treaty must have a two-thirds vote of the senate before it is ratified. He fails to see why the minority, which is empowered to defeat a treaty, should be given credit for having twice the intelligence of the majority that favors it. In dealing with the argument that such a provision assures a non-partisan consideration of foreign questions, he said: "Can it not be truly replied in the light of a century of history that we are much more likely to secure by it partisan inaction than nonpartisan action?"

And so after all the American Bar association is not really as reactionary as some have supposed it to be. When its president supports certain constitutional amendments that will make for efficiency and for the more direct expression of the people's will, it appears that there are forward-looking men in commanding positions in the legal profession.

The progressive element within both political parties will rejoice in the stand of Mr. Davis. There are radicals who seek amendments which would so alter the Constitution that the genius of this republic would be affected. These will be adopted if the stand-pat element attempt to use the Constitution as a fetish. The constitution is not a document to which men must shape everything that results from changing conditions brought about through the progress of the centuries; the Constitution is an instrument to be used by men and, if necessary, to be changed by men. Men are not required to be subservient to its discredited provisions; it must serve the citizens of the United States and wherein it fails to do this properly it must be amended.

## ANOTHER SCHOOL YEAR

BRAINERD will welcome the return of the teachers who have instructed the children in past years and have become known to many of our citizens. Those who have come to the city for the first time are also welcomed by the parents.

When the school bells rang this morning they heralded the re-opening of what is a considerable enterprise, for the schools of the city employ many teachers and the children who enter them constitute a large assemblage. The magnitude of Brainerd's schools has probably never been realized by those citizens whose interest in the schools has not been thoroughly aroused. The teachers make up quite a community and when the end of the school year comes their presence is missed.

The home, the school and the church are parts of that wholesome environment whose cumulative influence combats the influences that arise from surroundings external to these. The three constitute a trinity in unity, and the closer the unity the more valuable the unified influence that builds character and provides a defensive armor that turns the point of the shafts that are directed against it by evil forces.

Despite certain unfortunate conditions in the methods of taxing in Minnesota, which have worked a hardship on Brainerd's educational equipment, but which are gradually yielding to the demands of equal justice, Brainerd's schools are turning out well-trained graduates. The cooperation of parents will help the schools in their attempt to do satisfactory work, as a more lively interest on the part of parents will further the interests of the schools which are in fact the interests of the parents themselves and of their children.

Young people who are tempted to drop out of school should be encouraged to continue their studies. Many lives that might otherwise have been lived usefully have been hindered at the start because they had not the will to finish high school. Whatever one may attempt in life, whether it be within the white collared contingent or with those who do manual labor, the task is the better performed if the person doing it has graduated from high school.

## AMERICA LEADS IN CRIME

THE Law Enforcement Committee of the American Bar association has prepared a report that should be carefully considered by Americans generally. The American Bar association is intent upon securing a crystallized public opinion that will help in the prevention of crime by yielding to the advice of experts whose recommendations the public will accept and enforce.

It is well that the American Bar association should call attention to the many crimes committed in this country and should seek to point out the causes of these; and the association can assist in checking these, in more than one way. ## LABOR DAY AT LUM PARK SEPT. 3

Estimated 3,000 to 4,000 People Attended Park Board's Celebration Here

DAY WAS A HAPPY, IDEAL ONE

Bathing Facilities Were Taxed to the Utmost, Aquatic Sports Proved Very Entertaining

It is estimated that between three and four thousand people attended the Labor Day celebration at Lum Park on Monday, staged under the direction of the Brainerd Park Board.

The day was ideal for such a celebration, and many made it a real outing by taking their dinners and staying all day. The bathing facilities were taxed to the limit, many enjoying this sport.

### Doll Baby Parade

The first feature of the afternoon's program was a doll baby parade, the first prize being won by little Miss Beatrice Risberg, second by Margaret Jackson, third, Frances Smraker, fourth, Evelyn Schlib, fifth, Ruth Risberg, sixth, Florence Risberg.

### Swimming Races

There was only one entry in the ladies' swimming race Miss Eleanor Nolan, who was given the first prize. Merl Congdon won the first prize in the men's swimming race, Charles Swindells, second and H. Anderson, third.

In the girls' swimming race, Mary Eleanor Nolan won first prize, Miss E. Clarkson, second, and Helen Templeton, third.

Richard Marshall took first prize in the boys' swimming race, C. Ebinger, second, and M. McPherson, third. Hallet Clarkson won first prize in the boys' tub race, which produced much excitement, since many of the tubs were sunk, and their pilots had to dive for them.

No prize dances were given, as the equipment could not be prepared in time, but these will be featured at a later date, according to park board officials.

### Orchestra and Band Music

The Julewood orchestra furnished the music for an afternoon dance lasting two hours, and again at the evening dance.

The Brainerd Municipal Band, under the direction of W. R. Hiller, gave an excellent concert in the evening.

### Horseshoe Tournament

The box score in the Labor Day horseshoe game at Lum park was as follows:

S. E. Engbretson was high with 250 points, 84 ringers, 21 doubles. Walter Engbretson was second with 240 points, 98 ringers, 11 doubles.

H. Krause tied for third with 185 points, 65 ringers, 7 doubles.

N. Osborne tied for third with 174 points, 65 ringers, 5 doubles.

S. Tollefson tied for third with 159 points, 42 ringers, 2 doubles.

J. H. Warner sixth with 94 points, 35 ringers, 4 doubles.

On the play off of the tie, Osborne won third place, with Krause fourth and Tollefson fifth.

There were 1818 shoes pitched, 1107 points, 389 ringers, and 50 double ringers.

Walter Engbretson had the highest percentage of ringers, which was 33 per cent of the shoes pitched.

## CHICKEN "SOONERS" FINED \$10 EACH

In municipal court Saturday afternoon Arthur Soderman, Carl Soderman and Oscar Erickson were found guilty of shooting game out of season and paid fines of ten dollars each.

These men were arrested by Deputy Game Warden A. P. Cardle, and constitutes the first offenses of this kind this season. Their three shotguns were seized, one valued at \$60, and according to law, will be disposed of.

Mr. Cardle states that when he caught the men one bird was cooking on the fire and others were found in their possession.

It is the intention of the game and fish department to keep a close watch in order that no game will be shot out of season.

### AUTOMOBILE ACCIDENT

Standing Car on East Oak Street Changing Tire Struck and Damaged by Passing Car

One quite serious automobile accident is reported over the week-end, occurring on Sunday evening at 8.30 three miles east of Brainerd on Oak street.

It is stated that Albert Olson, of Ironton pulled his car, an Overland 90, up alongside of the road to change a tire, when a man by the name of Nelson, residing on East Oak street, drove up from the rear and collided with Olson's car.

The impact was so hard that it put the Overland into the ditch on one side of the road, and the Nelson car, a Studebaker, in the same predicament on the other side.

Nelson was thrown through the windshield and badly cut about the face and head. He was brought to the city where his wounds were treated. Olson is reported as escaping injury.

The fenders on the Overland were torn off, the gasoline tank and springs broken. One wheel was taken off, the frame, front axle and wind shield broken on the Studebaker.

### SAVED BY DEPARTMENT

Fire Threatened Building on South Fifth Street Once Occupied by Franson Motor Co.

Fire about seven o'clock Monday morning threatened the building formerly occupied by the Franson Motor Company, at the rear of the Gardner block on South Fifth street.

Quick work on the part of the fire department saved the structure. The fire started inside the building and was confined there, being extinguished before a great deal of damage was done. The origin of the fire is unknown.

## TOWNSHIPS IN ANNUAL FAIR

Mission, Center, Lake Edward and 1st Assessment District Stage One on Labor Day

EXHIBITS WERE VERY FINE

County Attorney Walter F. Wieland Spoke on "The Constitution of the United States"

More than three hundred people attended the annual fair and community picnic given at the Thomas Russell grove northeast of Merrifield on Monday, Labor Day, by the townships of Mission, Center, Lake Edward and the First Assessment district.

The agricultural exhibits were exceptionally fine, better even than those of last year. The small fruits, grains and vegetables shown by the farmers of this territory would have done credit to any county fair. County Agent E. G. Roth acted as judge of these exhibits, but because of the fact that no names were attached, a list of the prize winners is not available. The housewives displayed many samples of their culinary accomplishments, also, which are worthy of first mention, and which were auctioned at the close of the day.

A very fine program was arranged for the afternoon, in charge of A. C. Taylor. Mrs. Bert Sabin gave an excellent address of welcome. County Attorney Walter F. Wieland made the address of the day, choosing as his subject, "The Constitution of the United States."

Other speakers included Hon. E. P. Scallon, of Crosby, representative from the Crow Wing-Morrison county district in the state legis-

lature, E. G. Roth, Col. C. D. Johnson, and O. J. Bouma. Several other speakers, among them County Treasurer S. R. Adair and County Highway Engineer Walter M. Murphy, had to be omitted from the program on account of the lateness of the hour.

One of the features of the afternoon was the Brainerd Juvenile Band, which made its first appearance in public at the picnic. Under the leadership of Director Hugo Pflock, the boys, twenty-five in number, acquitted themselves very creditably, playing six numbers. The boys, most of them beginners, have only been playing since June 1st, and their music speaks well both for them and their leader.

Following the program, a long list of contests was carried out. Races for the ladies, men and children, in which prizes were given.

This annual fair is becoming a recognized institution in its section, and is doing much to advertise the county. This year many Brainerd people were in attendance as well as farmers from outside the district for which the fair was held.

Judd Wright and Son, hardware merchants of Brainerd, added to the enjoyment of the kiddies by distributing packages of crackerjack twice during the afternoon. Three hundred packages were consumed by the youngsters.

## Reduce the Skidding Danger!

Buick Four-wheel Brakes

BUICK four-wheel brakes reduce to a minimum the skidding danger every driver encounters on wet pavements.

The action of the simple yet positive Buick brakes not only slows down the car safely but keeps it steady, preventing skidding to either side.

Buick four-wheel brakes operate with slight pressure on the service brake pedal, are of the Buick-proved external contracting type and function independently of the emergency brake.

Buick has taken this advanced step of designing four-wheel brakes on its 1924 cars in conformance with its well-known policy of providing owners with the safest and most dependable transportation.

We will be pleased to give you a demonstration and let you prove the effectiveness of Buick four-wheel brakes yourself.

## LABOR DAY AT LUM PARK SEPT. 3

Estimated 3,000 to 4,000 People Attended Park Board's Celebration Here

DAY WAS A HAPPY, IDEAL ONE

Bathing Facilities Were Taxed to the Utmost, Aquatic Sports Proved Very Entertaining

It is estimated that between three and four thousand people attended the Labor Day celebration at Lum Park on Monday, staged under the direction of the Brainerd Park Board. The day was ideal for such a celebration, and many made it a real outing by taking their dinners and staying all day. The bathing facilities were taxed to the limit, many enjoying this sport.

### Doll Baby Parade

The first feature of the afternoon's program was a doll baby parade, the first prize being won by little Miss Beatrice Risberg, second by Margaret Jackson, third, Frances Smraker, fourth, Evelyn Schlib, fifth, Ruth Risberg, sixth, Florence Risberg.

### Swimming Races

There was only one entry in the ladies' swimming race Miss Eleanor Nolan, who was given the first prize. Merl Congdon won the first prize in the men's swimming race, Charles Swindells, second and H. Anderson, third.

In the girls' swimming race, Mary Eleanor Nolan won first prize, Miss E. Clarkson, second, and Helen Templeton, third.

Richard Marshall took first prize in the boys' swimming race, C. Ebiner, second, and M. McPherson, third. Hallett Clarkson won first prize in the boys' tub race, which produced much excitement, since many of the tubs were sunk, and their pilots had to dive for them.

No prize dances were given, as the equipment could not be prepared in time, but these will be featured at a later date, according to park board officials.

### Orchestra and Band Music

The Julewren orchestra furnished the music for an afternoon dance lasting two hours, and again at the evening dance.

The Brainerd Municipal Band, under the direction of W. R. Hiller, gave an excellent concert in the evening.

### Horseshoe Tournament

The box score in the Labor Day horseshoe game at Lum park was as follows:

S. E. Engbretson was high with 250 points, 84 ringers, 21 doubles. Walter Engbretson was second with 240 points, 98 ringers, 11 doubles.

H. Krause tied for third with 185 points, 65 ringers, 7 doubles.

N. Osborne tied for third with 175 points, 65 ringers, 5 doubles.

S. Tollefson tied for third with 159 points, 42 ringers, 2 doubles.

J. H. Warner sixth with 94 points, 35 ringers, 4 doubles.

On the play off of the tie, Osborne won third place, with Krause fourth and Tollefson fifth.

There were 1818 shoes pitched, 1107 points, 389 ringers, and 50 double ringers.

Walter Engbretson had the highest percentage of ringers, which was 33 per cent of the shoes pitched.

## CHICKEN "SOONERS" FINED \$10 EACH

In municipal court Saturday afternoon Arthur Soderman, Carl Soderman and Oscar Erickson were found guilty of shooting game out of season and paid fines of ten dollars each.

These men were arrested by Deputy Game Warden A. P. Cardie, and constitutes the first offenses of this kind this season. Their three shotguns were seized, one valued at \$60, and according to law, will be disposed of.

Mr. Cardie states that when he caught the men one bird was cooking on the fire and others were found in their possession.

It is the intention of the game and fish department to keep a close watch in order that no game will be shot out of season.

### AUTOMOBILE ACCIDENT

Standing Car on East Oak Street Changing Tire Struck and Damaged by Passing Car

One quite serious automobile accident is reported over the week-end, occurring on Sunday evening at 8.30 three miles east of Brainerd on Oak street.

It is stated that Albert Olson, of Ironton pulled his car, an Overland 90, up alongside of the road to change a tire, when a man by the name of Nelson, residing on East Oak street, drove up from the rear and collided with Olson's car.

The impact was so hard that it put the Overland into the ditch on one side of the road, and the Nelson car, a Studebaker, in the same predicament on the other side.

Nelson was thrown through the windshield and badly cut about the face and head. He was brought to the city where his wounds were treated. Olson is reported as escaping injury.

The fenders on the Overland were torn off, the gasoline tank and springs broken. One wheel was taken off, the frame, front axle and wind shield broken on the Studebaker.

### SAVED BY DEPARTMENT

Fire Threatened Building on South Fifth Street Once Occupied by Franson Motor Co.

Fire about seven o'clock Monday morning threatened the building formerly occupied by the Franson Motor Company, at the rear of the Gardner block on South Fifth street.

Quick work on the part of the fire department saved the structure. The fire started inside the building and was confined there, being extinguished before a great deal of damage was done. The origin of the fire is unknown.

### Norwegian-Danish Lutheran Church

A joint meeting of the voting members of the congregation and the members of the Ladies Aid will be held in the church parlors on Wednesday evening Sept. 5th at 7:30 o'clock. Every member should make it a point to be present. Rev. F. C. Rathert, Rev. O. S. Winther and others will be present and address the meeting.

### NOTICE

## TOWNSHIPS IN ANNUAL FAIR

Mission, Center, Lake Edward and 1st Assessment District Stage One on Labor Day

EXHIBITS WERE VERY FINE

County Attorney Walter F. Wieland Spoke on "The Constitution of the United States"

More than three hundred people attended the annual fair and community picnic given at the Thomas Russell grove northeast of Merrifield on Monday, Labor Day, by the townships of Mission, Center, Lake Edward and the First Assessment district.

The agricultural exhibits were exceptionally fine, better even than those of last year. The small fruits, grains and vegetables shown by the farmers of this territory would have done credit to any county fair. County Agent E. G. Roth acted as judge of these exhibits, but because of the fact that no names were attached, a list of the prize winners is not available. The housewives displayed many samples of their culinary accomplishments, also, which are worthy of first mention, and which were auctioned at the close of the day.

A very fine program was arranged for the afternoon, in charge of A. C. Taylor. Mrs. Bert Sabin gave an excellent address of welcome. County Attorney Walter F. Wieland made the address of the day, choosing as his subject, "The Constitution of the United States."

Other speakers included Hon. E. P. Scallon, of Crosby, representative from the Crow Wing-Morrison county district in the state legis-

lature, E. G. Roth, Col. C. D. Johnson, and O. J. Bouma. Several other speakers, among them County Treasurer S. R. Adair and County Highway Engineer Walter M. Murphy, had to be omitted from the program on account of the lateness of the hour.

One of the features of the afternoon was the Brainerd Juvenile Band, which made its first appearance in public at the picnic. Under the leadership of Director Hugo Pflock, the boys, twenty-five in number, acquitted themselves very creditably, playing six numbers. The boys, most of them beginners, have only been playing since June 1st, and their music speaks well both for them and their leader.

Following the program, a long list of contests was carried out. Races for the ladies, men and children, in which prizes were given.

This annual fair is becoming a recognized institution in its section, and is doing much to advertise the county. This year many Brainerd people were in attendance as well as farmers from outside the district for which the fair was held.

Judd Wright and Son, hardware merchants of Brainerd, added to the enjoyment of the kiddies by distributing packages of crackerjack twice during the afternoon. Three hundred packages were consumed by the youngsters.

## LODGE RUNS FROM DEMPSEY PUNCHES

Saratoga Springs, N. Y., Sept. 4.—Labor day meant a day of labor in Jack Dempsey's training campaign, with his heavyweight championship battle with Luis Angel Firpo just 10 days away. He plans to carry on with the expectation of a record breaking attendance at his Saratoga Lake camp to watch the workout.

The champion's cold is practically broken up but he wears a red flannel across his chest at the general urgent insistence of his little trainer, Jerry Luvadis. The only place the cold still bothers him is in the head.

Dempsey stepped through six rather tame rounds against a trio of heavyweights. More than 2,500 persons packed the outdoor arena and about 500 more watched the workout from the grassy slopes of the hill back of the camp without paying the admittance fee.

Jack Kearns, Dempsey's manager, wanted the champion to "take things easy," consequently none of the sparring partners hit the floor as was the case on the three previous days. He worked two rounds each with George Godfrey, Farmer Lodge and Jack McAuliffe, contenting himself with defensive tactics.

Lodge, weighing 235 pounds, pulled and wrestled Dempsey all over the ring, pushing him into the ropes a half dozen times. Dempsey used an inside left hook to the body and head effectively against the giant

Minnesota farmer. Lodge refused to allow Dempsey to back him into a corner and deliberately ran half way around the ring once to escape this trap.

"One-eyed" Connolly, the world's champion gate crasher, who boasts he has not missed a championship fight in 20 years, and never paid to see one, is in Dempsey's camp today doing outpost duty at the first wire entanglements. Connolly's duties require him to keep the hundreds of curious persons from Dempsey's cottage. The gate crasher was 31 days coming from Shelby, Mont., in a side door pullman, his trip being interrupted by two sentences of 10 days each in jail while en route.

"But I'm here," Connolly said, "and I'm going to see the Dempsey-Firpo fight without laying down the dough."

## CALIFORNIAN WINNER OF HIGH DIVING TITLE

San Francisco, Sept. 4.—Clarence Pingston of the San Francisco Olympic club won the national high diving championship here yesterday. He holds the world's title for fancy high diving acquired in the 1920 Olympic games.

Second place was awarded to Al White, another Olympic club diver and Rud McKee of New York, unattached, took third. There were five contestants.

## WEISSMULLER WINNER OF 440 CHAMPIONSHIP

Rye, N. Y., Sept. 4.—Johnny Weissmuller, the Chicago swimming wonder, won the national A. A. U. 440 yard free style championship, proving conclusively that he has entirely recovered from his breakdown of last July.

The time was comparatively slow for the distance, 5:37 2-5, but this was accounted for by the choppy seas which ran almost at right angles to the course.

Johnny beat his clubmate, Harold Kruger, former Hawaiian champion, who was second, with no difficulty whatsoever.

Miss Doris O'Mara won the women's junior national 150 yard back stroke, leading the nearest of six starters by yards and finishing in 2:29 1-5.

Miss Ethel McCrary earned second place and Miss Elizabeth Stoddard came third.

## At Fort Snelling

St. Paul, Sept. 4.—J. C. Famechon won the sixth and final leg on the Anderson trophy, an automatic pistol, at the Fort Snelling traps, when he broke 24 out of 25 possible targets. John Anderson was the high gunner of the day, breaking 49 targets out of 50.

## All Nations Win Two

Fort Dodge, Iowa, Sept. 4.—The All Nations baseball team won both games of a double header here yesterday, defeating Lehigh 9 to 0 and winning from Fort Dodge in the second game, 7 to 1. The winners play at Slayton, Minn., Sept. 6, 7 and 8.

## LODGE RUNS FROM DEMPSEY PUNCHES

Saratoga Springs, N. Y., Sept. 4.—Labor day meant a day of labor in Jack Dempsey's training campaign, with his heavyweight championship battle with Luis Angel Firpo just 10 days away. He plans to carry on, with the expectation of a record breaking attendance at his Saratoga Lake camp to watch the workout.

The champion's cold is practically broken up but he wears a red flannel across his chest at the general urgent insistence of his little trainer, Jerry Luvadis. The only place the cold still bothers him is in the head.

Dempsey stepped through six rather tame rounds against a trio of heavyweights. More than 2,500 persons packed the outdoor arena and about 500 more watched the workout from the grassy slopes of the hill back of the camp without paying the admittance fee.

Jack Kearns, Dempsey's manager, wanted the champion to "take things easy," consequently none of the sparring partners hit the floor as was the case on the three previous days. He worked two rounds each with George Godfrey, Farmer Lodge and Jack McAuliffe, contenting himself with defensive tactics.

Lodge, weighing 235 pounds, pulled and wrestled Dempsey all over the ring, pushing him into the ropes a half dozen times. Dempsey used an inside left hook to the body and head effectively against the giant

Minnesota farmer. Lodge refused to allow Dempsey to back him into a corner and deliberately ran half way around the ring once to escape this trap.

"One-eyed" Connolly, the world's champion gate crasher, who boasts he has not missed a championship fight in 20 years, and never paid to see one, is in Dempsey's camp today doing outpost duty at the first wire entanglements. Connolly's duties require him to keep the hundreds of curious persons from Dempsey's cottage. The gate crasher was 31 days coming from Shelby, Mont., in a side door pullman, his trip being interrupted by two sentences of 10 days each in jail while en route.

"But I'm here," Connolly said, "and I'm going to see the Dempsey-Firpo fight without laying down the dough."

## CALIFORNIAN WINNER OF HIGH DIVING TITLE

San Francisco, Sept. 4.—Clarence Pingston of the San Francisco Olympic club won the national high diving championship here yesterday. He holds the world's title for fancy high diving acquired in the 1920 Olympic games.

Second place was awarded to Al White, another Olympic club diver and Rud McKee of New York, untied, took third. There were five contestants.

LOST AND FOUND—CALL 74

## WEISSMULLER WINNER OF 440 CHAMPIONSHIP

Rye, N. Y., Sept. 4.—Johnny Weissmuller, the Chicago swimming wonder, won the national A. A. U., 440 yard free style championship, proving conclusively that he has entirely recovered from his breakdown of last July.

The time was comparatively slow for the distance, 5:37 2-5, but this was accounted for by the choppy seas which ran almost at right angles to the course.

Johnny beat his clubmate Harold Kruger, former Hawaiian champion, who was second, with no difficulty whatsoever.

Miss Doris O'Mara won the women's junior national 150 yard back stroke, leading the nearest of six starters by yards and finishing in 2:29 1-5.

Miss Ethel McCrary earned second place and Miss Elizabeth Stoddard came third.

## GOULD NAMES C. W. HANKE AID

Appointment of Charles W. Hanke, Dassel, Minn., as assistant game and fish commissioner for Minnesota was announced by Jay Gould, state game and fish commissioner. Mr. Hanke is editor of the Dassel Dispatch and chairman of the Meeker county republican committee.

## Crosby Won

Crosby, Sept. 4.—Crosby won from the Moose Lake baseball team, 3 to 2, here yesterday. Batteries for the winners were Nelson and Cline; Johnson and Handel were Moose Lake's battery.
